

Email Delivery Management Service

MountainTop Data provides email campaign delivery management and reporting. We setup and send your email creative out from our domains and IPs on behalf of your company.

You provide:

1. The marketing list (unless leasing or purchasing our list)
2. Email creative (HTML preferred)
3. Desired schedule for email delivery, with day and volume of emails to be sent specified.
(we will consult with you to develop this schedule)
4. Email address you would like responses forwarded to.

We provide:

- Data setup
- Consulting with you on creative/copy
- Copy setup and testing, for 1 Creative per 100k emails sent. (\$100 per additional creative setup)
- Post campaign reporting including a spreadsheet with contact information for all clicks and opens.
- Direct responses are forwarded to you.
